New Televised Spanish-language Catholic Hour

Recently launched on Univision Chicago (WGBO Channel 66), the Archdiocese introduced a new televised Spanish-language Catholic hour including Mass and aimed at informing the local Hispanic Catholic community of events and ministries.

The televised Catholic hour and Mass will provide a meaningful religious experience to those who are unable to attend in-person services or who seek spiritual connection and community information from the comfort of their homes.

The community is invited to tune in to this new program and come together in prayer, reflection, and worship.

Immediately following the Mass are a series of interviews, parish and individual profiles and music. Each week, these interviews and profiles will feature priests, parish leadership, and parishes, covering anniversaries, devotions, and other special events.

Tune in on Sundays at 9 a.m. on Univision Chicago – WGBO Channel 66.
